### **NOTICE OF SCHEDULED HEARING**

Dear Mr. Brendal,

A hearing has been scheduled with the Board of Directors for Meadow Hill regarding your failure to remove the tarp covering the storm door of your unit and make necessary arrangements to replace this storm door. Letters were sent to you on January 25, 2023 and April 4, 2023 notifying you of the violation and asking you to take action to resolve this issue by April 30, 2023. We have received no response from you as of this date.

This is a violation of the Meadow Hill, Inc. Declaration Article VI Section 6.2 (b) which states "Each unit owner shall maintain, repair and replace, at the expense of the unit owner, exterior window glass, storm windows, screens, storm doors, and exterior doors serving his or her unit."

Furthermore, Articles 6.5 (c) states: "If a unit owner fails to maintain, repair, or replace a unit or any other portion of the Common Interest Community for which the unit owner is responsible and such failure creates a condition that threatens another unit or the common elements, the Association may take such actions as are necessary to correct such condition without prior notice or with only such notice as can reasonably be given consistent with the threat. If the Association does take such action, it may assess the cost of such action against the unit owner in accordance with the provisions of Subsection 17.2(c) of the Declaration"

The hearing is scheduled for May 17, 2023 at 1:30PM in the Meadow Hill clubhouse. At this Hearing, you will have an opportunity to address the Board concerning this violation.

Following this Hearing, the Board has the authority to impose fines. A fine may be imposed for each day that a separate violation has occurred or continues to occur. The Board may also vote to contract for the necessary work that is needed to the unit and assess your account for all related expenses. You will be notified within 30 days of the hearing in writing of the Board's decision.

Please be informed the Board will conduct this Hearing as scheduled. The Unit Owner has the right to attend this Hearing, be represented and/or participate in this Hearing. # Rate shock: Skyrocketing insurance premiums straining community associations

by [Hazel Siff](#) | Mar 20, 2023 | [Community Associations](#) | [8 comments](#)

Community associations in California are staring at skyrocketing insurance premiums. Some are facing increases of as much as hundreds of thousands of dollars per year. Community finances are being strained and, in some cases, it's become impossible for new buyers to secure mortgage lending.

"When a \$40,000 premium for an annual policy becomes \$455,000 the next year, with no indication of whether it will stay there, or even increase the subsequent year, the association's response is usually, 'We can't afford that.' Given the alternatives, these associations cannot afford NOT to," says Kimberly Lilley, CMCA, CIRMS, director of business development at Berg Insurance Agency in Lake Forest, Calif.

Foregoing insurance puts a community association in violation of its [governing documents](#) and opens up the board to a directors and officers liability claim, explains Lilley. Additionally, Fannie Mae and Freddie Mac [will not back mortgage loans](#) when an association is in violation of its governing documents, particularly the insurance provisions. That means that if an owner can no longer afford to live in their community because of the increased costs of insurance, they might not be able to find anyone to buy the home, Lilley says. “(This could create) a different kind of financial crisis for the community.”

According to a recent article in *The Orange County Register*, Fannie Mae halted [financing for 6,102 condominiums and single-family homes in Third Laguna Hills Mutual](#), a 55-and-over community in Laguna Woods Village, Calif., due to a nearly \$1 billion insurance coverage gap; the community is carrying \$675 million of insurance, and Fannie Mae requires \$1.6 billion in replacement insurance coverage. This has left many homeowners unable to sell their properties and has created a ripple effect throughout the community.

Fannie Mae and Freddie Mac secure low-cost, conventional loans for mortgages issued by credit unions, banks, and other financial institutions. Without backing from the Federal Housing Finance Agency government-sponsored enterprises, homebuyers and refinancers are left with Veterans Administration-approved loans, cash offers, or significantly more expensive nonconforming mortgages.

California lawmakers have urged the state to help a growing number of community associations hit by [soaring insurance costs](#). As reported in *The San Diego Union-Tribune*, [a coalition of lawmakers recently sent a letter](#) to California Insurance Commissioner Ricardo Lara asking him to take action to stabilize the insurance market. They also called for more transparency in the insurance industry and greater regulation to prevent excessive rate hikes.

[CAI and its members](#) have been advocating for relief too. “We’re working with the state Department of Insurance. We’re working with the California FAIR Plan, and we’re working with the governor’s office to design solutions that can be implemented quickly,” says Michael Berg, CMCA, CIRMS, owner of Berg Insurance Agency.

Without a solution, California communities experiencing soaring insurance premiums or dropped coverage face increases in regular assessments, special assessments, and removal from Fannie Mae’s and Freddie Mac’s mortgage eligibility list.

I don't see any mention about working with insurance companies. CA could end up regulating the insurance industry right out of the state.

Would it be possible for communities to create their own insurance fund?

Hopefully this does not happen. Florida is a prime example of what happens when insurance companies pull out of a state.

We have been informed that Fannie/Freddie underwriting will not accept policies with 10% wind/hail which is now AMFAM's standard.

I don't think of CA as a place of lots of wind or hail ? Is that what's driving ?

We have the same issue in Colorado. In 2021 we budgeted 90,000 for our insurance. It came in at \$111,000. We called at the end of 2022 to ask what kind of increase we could expect. The agent said, "Same as last year." So, we budgeted \$130,000. Our insurance came in at \$222,000. Where does that money come from?

**Dr Marty** on March 28, 2023 at 6:05 pm

With 30+ years underwriting profits wiped out by natural catastrophes, pandemic, and inflation driven losses worldwide, the insurance market is harder than ever before.

The economics are forcing carriers to be more conservative (manage risk/exposure) AND charge more to offset prior losses/anticipate future ones.

Government trying to force carriers to under charge or stay on risky accounts will just regulate them out of the state and make a hard market impossible!

Our community just renewed with Labare Oxnee with full water coverage and partial wildfire. More competitive than last year with Lloyds of London but still not what we paid with State Farm for 25 years.

To: All Pool Operators

From: Wendy S. Mis, MPH, RS,  
Director of Health

**Re: Responsibility of Director of Health Regarding Public Pools**

Under Section 19-13-B33b of the Public Health Code, the local Director of Health is required to protect the public health and safety in public bathing places. The Director of Health accomplishes this through a comprehensive seasonal or pre-opening inspection, and multiple inspections throughout the bathing season. These inspections are conducted to ensure compliance of your pool to the Connecticut Public Health Code, provide guidance to your pool operators, and allow you to offer a safe bathing experience to your swimmers.

The annual inspection fee remains at \$150. The annual fee is due prior to the springtime pre-opening inspection. A check in the amount of \$150, payable to the Town of Glastonbury, is to be included when the form (below) is returned to the Health Department.

To operate a safe and sanitary pool for public use, the requirements below, in addition to the other requirements outlined in Section 19-13-B33b (a) thru (f), must be met by owners/operators of public swimming pools.

- 1. Persons employed as lifeguards must be certified in cardiopulmonary resuscitation (CPR) by the American Red Cross or American Heart Association. Infant, child, and adult facemasks shall be in proximity to lifeguard duty stations.**
- 2. A copy of the CPR certification is required prior to inspection by the Glastonbury Health Department.**
3. Names of pool supervisory personnel must be submitted to the Health Department.
4. A free available chlorine residual of at least 0.8 mg/L must be maintained. Failure to maintain this is considered sufficient cause to close the pool. pH levels should be maintained between 7.2-7.8. Pool water clarity should be such that the bottom of the pool is visible.
5. The enclosed "Swimming Pool Monitoring Schedule" should be used to maintain a daily record of pool water quality. Please feel free to copy or modify this form as needed.
6. Any associated decks, dressing rooms, toilet rooms and showers should be cleaned and sanitized daily, or more often if necessary, and in good repair.
7. All drain grates must be properly secured and in good repair. Failure to maintain safe drain gates is considered sufficient cause to close the pool.

8. When no lifeguard is available, an easily visible sign stating, "Warning No Lifeguard on Duty" must be posted.
9. A suitable first aid kit must be on hand. (enclosed list)
10. Signs, as described on page 4 of the enclosed pages of the Public Health Code regarding public pools, must be posted.
11. Return the completed form below to indicate all requirements for the pre-opening inspection have been met and you are ready to begin pool operation. We will do our best to accommodate your requested date and time.

**PLEASE CLIP AND RETURN THE FORM BELOW AS SOON AS POSSIBLE.**

**FAILURE TO RETURN THIS FORM WITH PAYMENT WILL RESULT IN A DELAYED OPENING FOR YOUR POOL.**

## COMMITTEE REPORTS

May 9, 2023

Memo

To: Meadow Hill Board of Directors

From: Board committee for review of Rules Draft

Attendees: Ed Litke, Sandy O'Leary, Jim Fuda, Toni Dolan

The committee met to review and discuss the written and verbal comments that had been provided during the two Notice and Comment periods. The recommendations are as follows:

Rule 10.6: It was the consensus to remove this section from the proposed recommendation. The issue of retractable leashes was raised in verbal and written comments; however, there is nothing in the current or proposed rules about this. Therefore, no action was recommended.

Rule 12. 6: It was the consensus that the compromise of one-half hour when individuals under the age of eighteen are permitted to use the pool would remain as recommended: 9 a.m. to 1 p.m. and 3:30 p.m. to 8 p.m.

Rule 6 and 21: Discussion on the comments received regarding plantings, pots, etc. Ed Litke stated that, historically, anything that was not planted in the ground had to be approved by the board. Toni Dolan noted that the remarks from the association Attorney indicated that the Amended and Restated Declaration does not assign a 4-foot perimeter area to unit owners as a limited common element. This four-foot assignment of areas around the units was established, possibly as an exception (?) by a previous board several years ago and has become a part of the rules, 21.2, 21.3, but certainly a privilege, not a right of ownership.

In response to comments received:

- 4' area around units:
  - Allowed:
    - Planted materials (flowers, shrubs)
    - Two pots per side in the areas designated by the schematic under Rule 21
    - Holiday decorations: only allowed between 11/15 to 1/15
    - Outside lighting must be white and stationary
    - Lanterns or "flaming" lighting need board approval
  - Not allowed:
    - No storage of items is allowed on decks (Section 6.6)

The issue of traffic on Dogwood Lane was raised by two residents although this specific area was not included in the current rules document. They indicated the use of trucks and other traffic that use this road were speeding and they felt that no traffic should be allowed to use this road on a regular basis. It was suggested by Jim Fuda that we limit the traffic pattern to one way and that we install signs indicating this; traffic would only be allowed to enter from Hollister Way West. The committee felt that this was an issue that the Long Term Committee should consider as part of the overall safety review of the entire community, specifically traffic-calming issues.

In terms of enforcement of these rules, specifically 6 and 21, Jim Fuda suggested that an Audits and Compliance paragraph be inserted indicating that a periodic review by Sheila Duncan, Property Manager of Imagineers and Darien Covert, Maintenance Superintendent of Meadow Hill be done. They would then report any violations to the board. The unit owners in violation would have 30 days by which to comply with a request to the board or a corrective action after which hearings and/or fines would be imposed. It was also noted that it would be important for any resident/homeowner who wants to request an exception to the rules regarding changes to the outside of their units to discuss their proposed request with their immediate neighbors to ensure that the neighbors are in agreement with the request.

The final draft recommendation is attached for your review. Please be prepared to vote on this at the May board meeting.

The Meadow Hill property is a scenic property with an aesthetic charm from its proximity to the Connecticut River, the unique and varied amenities offered, and the well-maintained grounds and landscape areas. The benefit to our property values and the attractiveness as a community requires diligence and a mutual commitment as each other's neighbors abide by the rules of this section.

Meadow Hill has prepared this document to simplify the rules of the association and to assure everyone is aware of them as they will be strictly enforced upon approval. It is important for all residents, both unit owners and tenants, to familiarize themselves with the regulations and

policies set forth in this document. These rules were established to provide a reasonable standard for maintaining the continued attractive appearance of our community, the protection of our property values, and the encouragement of friendly, neighborly relationships in our community.

Meadow Hill is unique allowing residents to utilize the four feet of Limited Common Area of the Association with certain limitations to affect the level of attractiveness and appearance of the grounds. Owners may take all responsibility for their grounds area through the Do Not Touch List (which will be edged and partially mulched by Meadow Hill) or maintain their area in a state where Meadow Hill, Inc. can perform weeding, mulching, trimming, spring and fall cleanup. For units whose owners do not or cannot maintain their own areas, those areas will be kept in a reasonably presentable state by Association, which will determine all trees, shrubs, plantings, and trimming.

Subject to exceptions in this rule Meadow Hill, Inc. will trim all trees and shrubs; provide spring and fall cleaning of grounds and beds; annual edging of beds; monthly weeding of beds; removal of dead trees, shrubs, and plants; and annual mulching of beds.

The Executive Board may assess the owner reasonable charges for such restoration.

21.5. The Management Company will maintain an optional Do Not Touch List of designated unit owner areas where owners will be responsible for all trimming of trees and shrubs; all plantings; and weeding. Meadow Hill, Inc. will remain responsible for annual edging; fall and spring cleanups; mulching where reasonable; and removal of dead trees and shrubs. Annually, by March 15th an owner may request their unit be on the Do Not Touch List, it will remain on the list for

that year, except for the sale of the property, or the restoration/take-over by the Executive Board. All requests for addition to or annual renewal to the Do Not Touch List must be made in writing or email to the Management Company. If an owner does not renew their Do Not Touch List request annually by March 15th, it will be removed from the list. If an owner does not or cannot maintain their beds on the Do No Touch List, Meadow Hill, Inc., may, after notice, remove them from the Do Not Touch List. Whenever an area is removed from the Do Not Touch List, Meadow Hill, Inc. may restore it to a reasonably presentable state that can be maintained by Meadow Hill, Inc. including the removal of trees, shrubs, and plants. The Executive Board may assess the owner reasonable charges for such restoration.

21.6. Without regard to other provisions of this rule, the Executive Board may order the removal or trimming of any tree, shrub, or plant which in their judgment is a detriment to the look or presents a maintenance or other risk to Meadow Hill, Inc.
